

Challand Middle School Discipline Data 2008-09 School Year

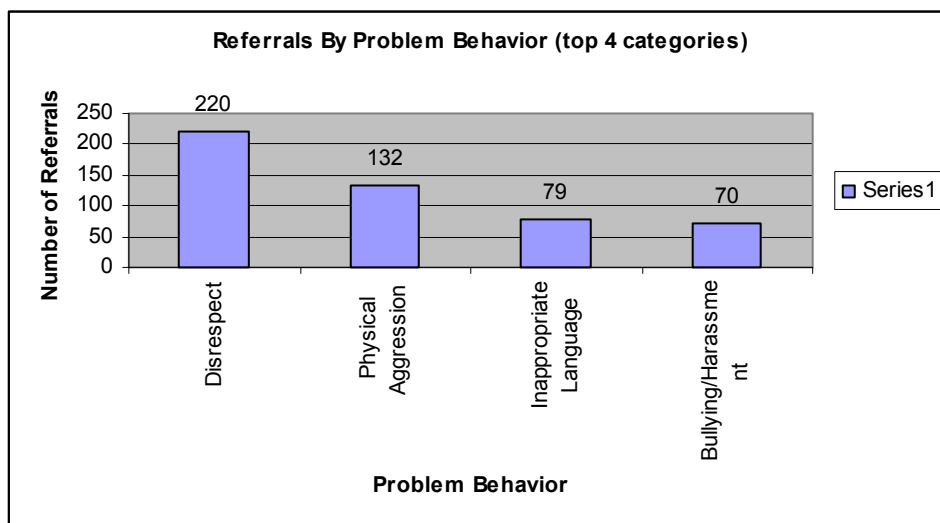

SIP Goal objective #3: Improve Discipline and Climate. By June 2009, CMS will report decreases in behavioral referrals an average daily referral rate goal of 4.

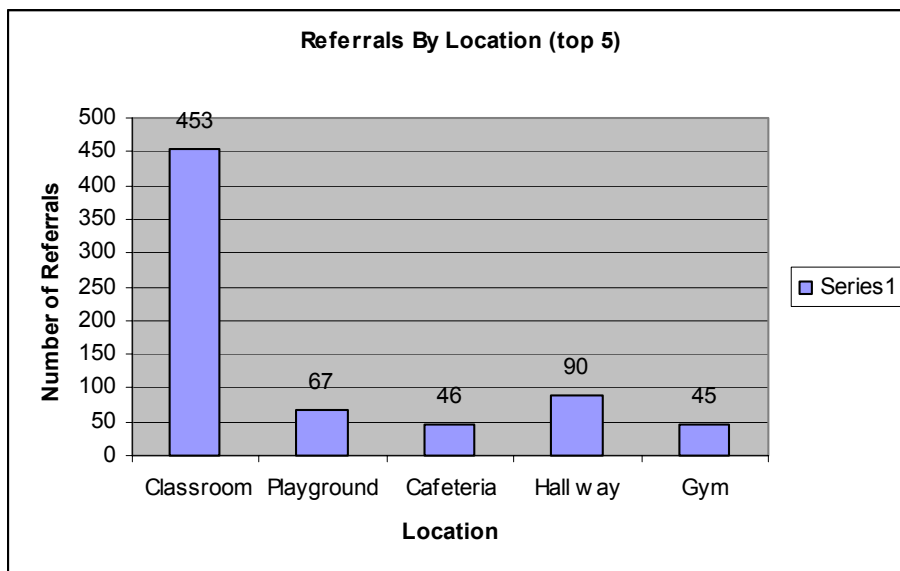

The above data table displays the Average Number of Discipline Referrals per day per month. The CMS SIP goal is to be below 4 by June 2009.

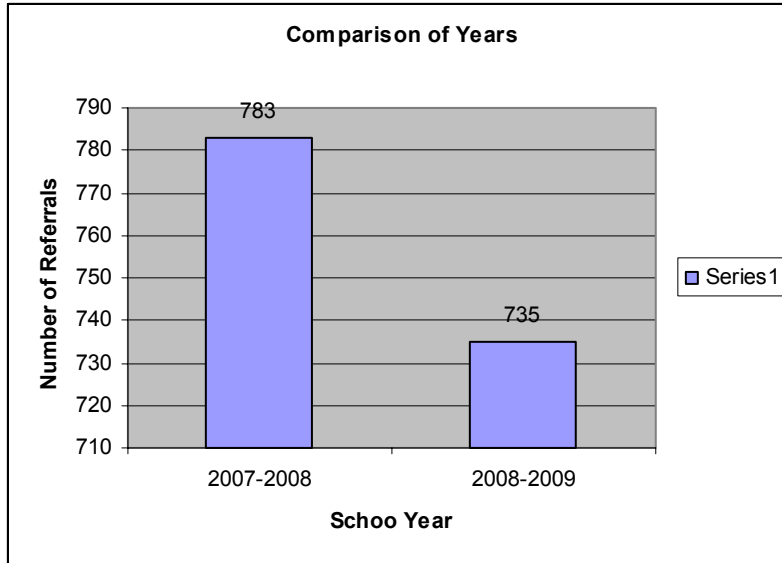

The above table shows the number of office referrals for each grade compared to the same group of students the previous year. For example, this year's 8th grade currently has 249 office referrals. Last year at the same time they had 339 office referrals as 7th graders. This year's 7th grade currently has 193 office referrals. Last year at the same time they had 286 office referrals as 6th graders.

The above data table displays the top four problem behaviors for the 2008 school year. Behavior interventions are being developed by the PBIS team for implementation.

The above data table displays the top locations that problem behaviors occur. The PBIS team is in the process of developing behavior interventions/incentives specific to each location.

The above data table compares last year to this year. Challand Middle School has made significant gains in appropriate behaviors through the year.
