Sterling Named to CRN's 2018 Solution Provider 500 List
Award Recognizes Top Solution Providers in the North American Channel

Dakota Dunes, SD, June 11th, 2018 – Sterling Computers Corporation, an industry-leading technology solutions provider, announced today that CRN® has named Sterling to its 2018 *Solution Provider 500* list, an annual ranking of the largest technology integrators, solution providers, and IT consultants in North America by revenue.

The *Solution Provider 500* is CRN's predominant channel partner award list, serving as the industry standard for recognition of the most successful solution provider companies in the channel since 1995. With this year's awarding, Sterling has earned its eleventh consecutive appearance on the list, ascending ten spots to rank at #57.

"It's been exciting to track our growth over these past eleven years," said Brad Moore, President and CEO of Sterling. "That growth has been strategic, a result of the concerted efforts of our incredible partners and staff. We're grateful for their support, and we're eager for all the years ahead."

"CRN's *Solution Provider 500* list spotlights the North American IT channel partners that have earned the highest revenue over the past year, providing a valuable resource to vendors looking for top solution providers to partner with," said Bob Skelley, CEO of The Channel Company. "The companies on this year's list represent an incredible combined revenue of $320 billion, a sum that attests to their success in staying ahead of rapidly changing market demands. We extend our sincerest congratulations to each of these top-performing solution providers and look forward to their future pursuits and successes."

The complete 2018 *Solution Provider 500* list will be available online at www.crn.com/sp500, with a sample from the ranking also featured in the June issue of CRN Magazine.

About Sterling | (www.sterlingcomputers.com)

Sterling is an award-winning technology solutions provider with over 22 years of experience helping customers solve the most complex requirements of their IT environments. Sterling provides customers with a simplified IT experience by being their single point of contact for all their solutions architecture, proof of concept, product fulfillment, and technology adoption needs.
